CARECLEAN AWP DE-SCALE

Highly effective multipurpose scale remover for removal of lime scale and urea stones.

DESCRIPTION

Careclean AWP De-Scale is a non corrosive organic acid powder, detergents and surfactants specially developed for the removal of scales in Vacuum toilet systems, heat exchangers, common headers and other parts of an AWP system. Careclean AWP De-Scale is highly effective on limescale (Calcium Carbonate), urea stones and similar scales present in lines and headers of AWP systems. AWP De-Scale can be used safely on steel, copper alloys and stainless steel.

ADVANTAGE

- Economical to use
- Non corrosive
- Easily soluble in water; dissolves rapidly
- Removes urea scales from Vacuum systems
- Removes lime scales (calcium carbonate)

APPLICATIONS

Careclean AWP De-Scale is mainly used for cleaning and removal of lime and urea scales.

DIRECTIONS FOR USE

Prepare the section of the system to be cleaned. Ensure it is possible to circulate, no blockages are present and prevent dead legs. Dissolve 10-15% Careclean AWP De-Scale in warm water. Flush the solution through the system for 1-2 hours. In case of heavy scale build up (> 5 mm) stronger Careclean AWP De-Scale is required. When scale is still present reclean the system with a fresh solution of Careclean AWP De-Scale.

PROPERTIES

Appearance	white
Physical state	powder
pH	10% sol. 2-3

For detailed information on safety and health, please refer to the Material Safety Data Sheet MSDS and/or product label.

Revision	0.0	Document number	PDS-08-162
Date of issue	26-08-2022	Page	1 of 1
