

CARETECH BULK CLEANING KIT PMX

High reach application kit for hold cleaning applications - especially designed for Panamax and Supramax vessels.

- Plug and play chemical applicator
- Designed for Panamax/Supramax
- With additional air boost reaching heights of up to 20 meter
- Suitable for all water-based cleaners
- Ergonomic design, can be handled with one hand!

Introduction

When developing our Bulk Cleaning Kit PMX we pursued 2 major goals: 1) Sufficient reach to clean holds of Panamax size vessels from the tank top all the way to the top and 2) Ease of operation for the crew. The end result is a plug and play kit, with an easy to handle 5 m long stainless steel lance that rests on the tank top while operators can aim to hit even the highest areas with just one hand. The kit is supplied in a compact eco friendly box and the lance segments only need to be assembled once, prior to the first cleaning.

Easy assembly, lance segments are marked A/B/C

Air boost at bottom and top can be activated independent

CONTENTS of KIT PMX:

- High Flow Pneumatic 1" double diaphragm pump
- 5 x 1 m segment spray lance
- 1,2 Meter suction pipe for drum
- 5 Meter suction hose
- 50 Meter delivery hose,
- 25 Meter 3/4" air hose
- 50 Meter 1/2" air hose
- Air divider
- Air/foam connector with valve
