

CARETECH APPLICATION KIT XPRESS

Lightweight application kit for hold cleaning and barrier coating applications - especially designed for shipment via courier service!

To meet your last moment demands in even remote ports, Marine Care has developed a lightweight and compact chemical application kit. This allows it to be shipped via courier services, enabling short and affordable delivery costs.

It consists out of an 1/2" air driven Direct Flow double diaphragm pump with quick connections and a light weight telescopic spraying lance to reach heights up to 14 meter. All required hoses and connections are supplied in the kit to ensure your crew has a "plug & play" solution. Compared to the Caretech Application Kit SU, you will notice that the pump is smaller, but consequently the hoses are also smaller and lighter. The stainless steel quick connectors are in this kit replaced by PP to save weight.

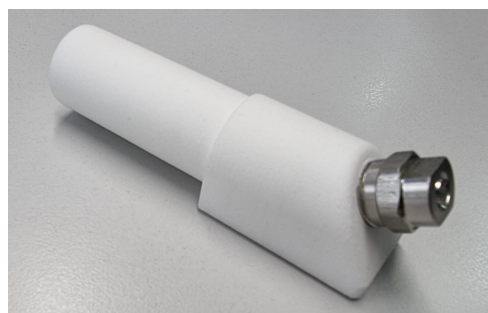

The Caretech Application Kit Express comes with a full plastic, acid and alkaline resistant direct flow pump

Caretech Xpress Telescopic Sprayer 1,7 - 9 Meter lenght

Caretech Xpress nozzle holder with 3 types of SST nozzles (2 x flat/ 1x point)

- Lightweight kit suitable for courier shipment
- 9 m glassfiber telescopic pole for reach up to 14m
- Compatible with all Careclean hold cleaning and barrier coating products

MAIN SPECIFICATIONS APPLICATION KIT XPRESS

Model / Type	CARETECH APPLICATION PUMP Xpress
Operation	Air driven, direct flow, full PP
Operating Pressure	Min. 6 to 8 bar
Chemical flow	11—13 L/min.
In/Outlet hose & coupling size	1/2" PVC quick coupling
Air hose ball valve connection	1/4" SST EURO
Noise Level	64 dB
Dimensions, packed with hoses	L600 x W800 x H520 mm, 15 kg

Model	CARETECH TELESCOPIC SPRAYER Xpress
Operating Pressure	Max 10 bar
Water flow (maximum)	18 L/min.
Inlet hose & coupling size	1/2" quick coupling
Dimensions	150 - 900 cm
Weight	6.0 kg

Available Caretech hold cleaning chemicals:

Careclean Bulk HC-P	Strong alkaline cleaner, Potassium Hydroxide
Careclean Bulk HC-S	Strong alkaline cleaner, Sodium Hydroxide
Careclean Bulk RR	Strong acidic cleaner for rust removal
Careclean Bulk CR	Strong acidic cleaner for cement removal
Careclean Alkaline	Strong alkaline cleaner, Potassium Hydroxide
Careclean Alkaline Extra	Strong alkaline cleaner, Sodium Hydroxide
Careclean Rust	Strong acidic cleaner for rust removal
Careclean Multiclean	Neutral general purpose cleaner
Carechlor	Strong chlorinated cleaner
Carecoat Barrier	Barrier coating for holds, ready to use, water resistant
Carecoat Holdguard	Barrier coating for holds, ready to use, water soluble

As long as the application kit (pump and hoses) are thoroughly rinsed with water after every use, all types of alkaline and acidic cleaners can be used. Use of (eco)solvent cleaners in the hoses and pump are not recommended as they will damage inner hoses and seals.
